Here is the report we discussed. I'll bring down the exhibits tomorrow.

Frank's daily productivity rate differs from mine a bit because my count of excluded time was 181.75 instead of 174.25 (unsure why the discrepancy).

Once the report is finalized, I recommend preparing a cover letter to McDaniel and the Union soliciting her feedback. I can draft that if you'd like. Based on our discussions, seems that should be sent under Mark's signature.
